22. Other	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

2. Signs and Markers

The mine ID sign was observed at the point of public access to the mine. The sign contained the name of the mine, address, phone number, permit number, and MSHA number.

4.a Hydrologic Balance: Diversions

Several tumble weeds are in the diversions. The weeds need to be removed to prevent them from plugging the culvert inlets.

4.b Hydrologic Balance: Sediment Ponds and Impoundments

The sediment pond is being cleaned. The pond needs to be cleaned before adverse conditions set in.

8. Noncoal Waste

Several items of noncoal waste need to be gathered up and placed back in appropriate storage facility. Trash was being hauled and the windy conditions were spreading the noncoal items around the site.
